

**Note:** Sketch shown above is meant to correspond with the Cutting Guide. It does NOT represent specific designer papers.

## INSTRUCTIONS

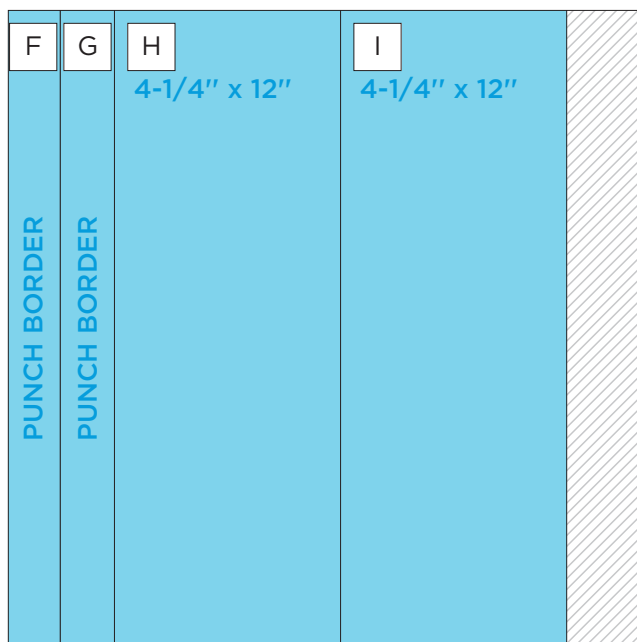

- When choosing papers, use the same paper for designer papers #2 and #3, which will form part of each base. If the papers have stripes, be sure they are both the correct direction before cutting.
- Using the Ghost Chain Border Maker Cartridge with the Original Border Maker System, punch border pieces A, F and G from designer paper #1 and White Cardstock.
- Using the 12-inch Trimmer, finish following Cutting Guides 1, 2, 3, 4 and 5, leaving pieces L and M attached for now.
- Using the Repositionable Tape Runner, adhere all three border pieces across the bottom of piece L/M and trim off excess. Cut piece L/M into two separate pieces according to Cutting Guide 3.
- To make the left-hand base, lay pieces H and P directly next to each other facedown on a flat surface so they meet edge to edge. Apply adhesive to welding piece J. Overlap and adhere piece J down the back seam of pieces H and P so that it joins them into a full 12x12 sheet.
- For the right-hand base, repeat the welding process by applying adhesive to welding piece K and adhering it to the backs of pieces I and S.
- Using the Tape Runner, adhere the pieces following the sketch above.
- Adhere photos and journal as desired.
- Optional: Use the 2-Way Corner Rounder to round the corners on pieces L and M. Apply stickers using Foam Squares to add dimension.
