

Note: Sketch shown above is meant to correspond with the Cutting Guide. It does NOT represent specific designer papers.

INSTRUCTIONS

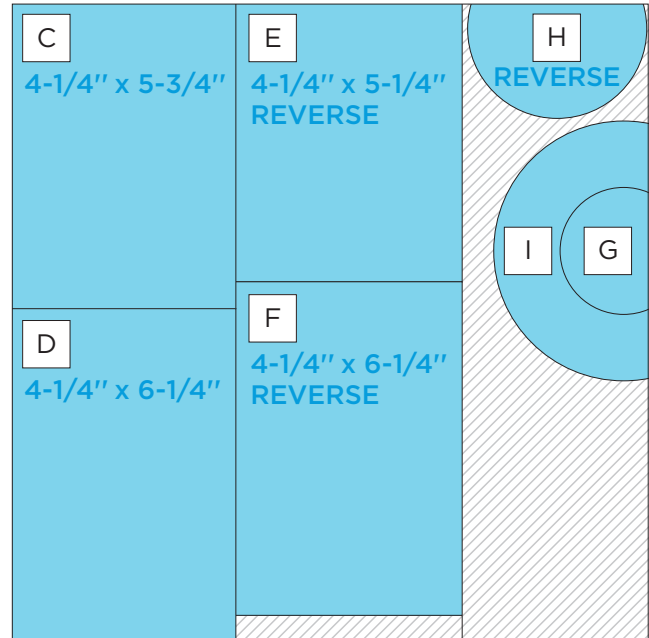

- Use two sheets of designer paper for your base.
- Using the Jammies Chain Border Maker Cartridge with the Original Border Maker System, punch border pieces J and K from White Shimmer Cardstock.
- Using the 12-inch Trimmer, finish following Cutting Guides 1, 2 and 3 with cardstock and designer paper, leaving pieces N, O and P until the end after all the circles have been cut.
- When creating the circle pieces, place the CCS Circle Patterns over the edges of the papers to make half-circles. For piece H, use the inside of the largest CCS Circle Pattern with the Red Blade. Place the CCS Circle Pattern carefully to fit piece H on the leftover paper strip.
- For pieces I and G, cut on both sides of the medium CCS Circle Pattern with the Red Blade without moving it. First, cut on the inside to create piece G and then cut on the outside to create I.
- For pieces Q and R, make two cuts on the inside of the largest CCS Circle Pattern with the Blue and Red Blades without moving it. First, cut on the inside with the Blue Blade to cut piece Q and then cut again on the inside with the Red Blade to create piece R.
- For piece S, make two cuts on the outside of the smallest CCS Circle Pattern with the Blue and Red Blades without moving it. First, cut on the outside with the Blue Blade and then cut again on the outside with the Red Blade. Discard the smaller inner circle.
- For piece T, make two cuts on both sides of the medium CCS Circle Pattern with the Blue Blade without moving it. First, cut on the inside and then cut on the outside. Discard the smaller inner circle.
- Use the Tape Runner to adhere all pieces following the sketch above. Be careful to pay attention to how circle pieces layer and use the Repositionable Tape Runner Refill to adhere border pieces and skinny circle pieces R and S.
- Adhere photos and journal as desired.
- Optional: Apply stickers and embellishments using Foam Squares to add dimension.
