

Note: Sketch shown above is meant to correspond with the Cutting Guide. It does NOT represent specific designer papers.

INSTRUCTIONS

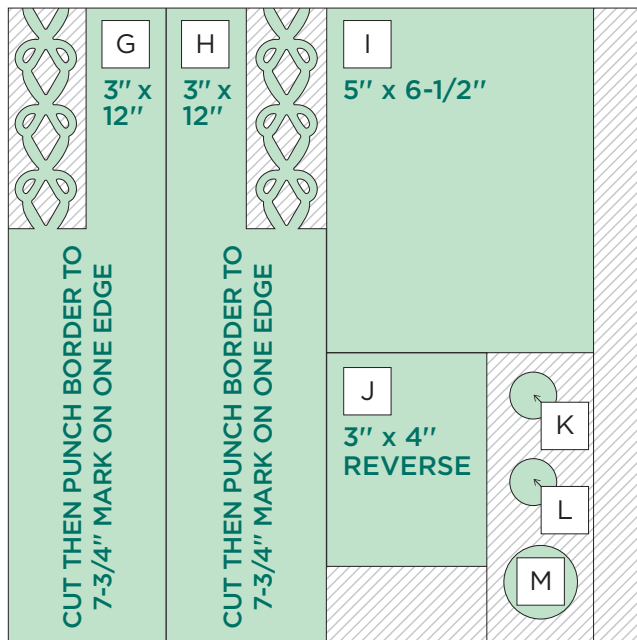

- Use two sheets of designer paper for your base.
- Using the 12-inch Trimmer, follow Cutting Guides ①, ② and ③ with designer paper and cardstock.
- To create pieces A, G, N and O, first lay each strip horizontally on the 13x13 Custom Cutting System Mat. Using a ruler and pencil, make a faint line at 7-3/4" from the left. Align the strip in the Scissors Border Punch so that the pencil line aligns with the left black mark on the front of the punch when facing forward. (Alternatively, align the short end of the strip at the right edge of the punch arm.) Punch, then slide the strip to the left, align the shape with the pattern on the arm of the punch and punch again. The punched area will be 4-1/4" long. Use All-Purpose Scissors to trim off the scissor blades and the triangles left from punching.
- For pieces B and H, flip each strip to the reverse side before measuring and punching the same as the previous step. Flip the strips back to the front side before adhering.
- For pieces D and M, use the inside of the small Circle CCS Pattern with the Red Blade. For pieces E, F, K and L, use the inside of the small Circle CCS Pattern with the Blue Blade.
- Use the Repositionable Tape Runner Refill to adhere border piece H on top of B and O on top of H. Adhere piece G on top of A and N on top of G. Use the Tape Runner to finish adhering the rest of the pieces following the sketch above.
- Adhere photos and journal as desired.
- Optional: Apply stickers and embellishments using Foam Squares to add dimension.
