

Polar Lights Layout 3

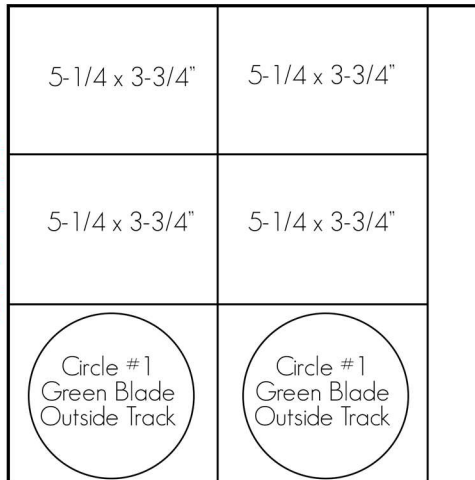

SUPPLIES

- 2 Navy Starlight Papers
- 1 Light Blue Snowflake Paper
- 1 Pine Tree Paper
- Baby Blue Cardstock (for mats)
- Variety Mats as shown
- Laser Cut Borders
- Circles Patterns CCS + Blades

Light Blue Snowflake

Pine Trees

From the light blue/navy large variety mat, use Circle #3 with the red blade on the inside track to cut a circle. Use the green blade to cut a circle from white journal paper and adhere to the mat. Trim off center so one piece is larger than the other.

1. Adhere snowflake paper as shown to the starlight background paper.

2. Adhere pieces as shown. See note above about trimming journal circle from large variety mat first.

3. Adhere icicle border first, lining up at the bottom edge of the snowflake paper. Adhere house border slightly overlapping. Adhere icicles embellishment to title mat.

4. Adhere mats as shown, tucking under icicle border as needed. Add the smaller journal half-circle to the left page and larger section to the right page as shown in main photo.

FINISHING THE LAYOUT - Repeat steps to to make right page.

PHOTOS - Use with (1) 4 x 6", (6) 3-1/2 x 5" and (2) photos trimmed with Circle #1, Red Blade, Outside Track
