

Iron Gate Corner Border

Iron Gate Border Punch

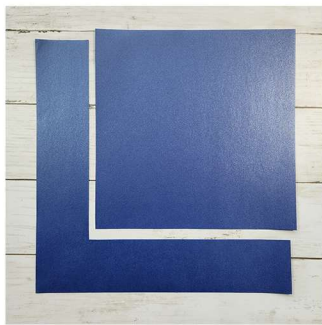

US of Yay! Designer Paper

US of Yay! Laser Cut Borders

Starry Night Shimmer Paper*

Baby Blue Cardstock

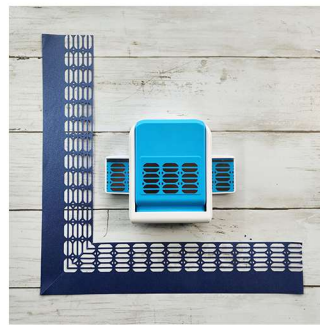

**Must use a lighter weight paper for the folding and punching*

1. Cut a 2-1/2" L-shape from a sheet of Starry Night Shimmer Paper or Designer Paper. Do NOT use cardstock for this step.

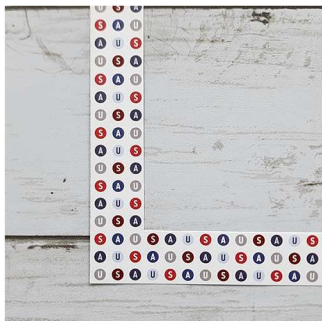

2. Fold the L-piece in half and punch the short side with the Iron Gate Border Punch. Start on the non-angled side.

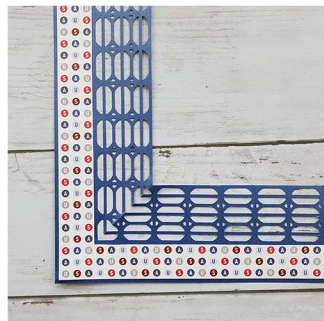

3. Unfold the paper to reveal the pattern.

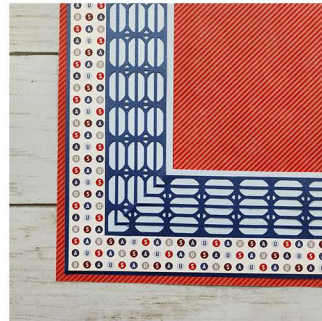

4. Trim the USA paper so that you have three dots vertically and horizontal. Use the sight guides on the trimmer to help with

5. You should have an L shape as shown. If using a different designer paper, trim the L-shape just shy of 7/8".

6. Adhere the L shape to the punched border.

7. Trim a 2" L-shape from Baby Blue cardstock and adhere behind the border so that 1/8" is exposed on the inside edge. Adhere to background paper.

FINISHING THE LAYOUT

Cut (4) 4-1/4" square mats from the square paper remnant made in Step 1.

Use with 4" photos.

If desired, add laser cut borders or border stickers on top of the Iron Gate Border as shown in sample.
