

*Sample layout and blog directions use the Denim Texture Paper (2021).*

**Step 1:** Use a piece of white stitches denim texture tonal paper as the base for this layout.

**Step 2:** Tear 12 x 1" strips from eight various denim texture tonal papers. Beginning about 1/2" from the bottom of the layout, layer the strips in a waterfall fashion with the final piece lining up at around the 6" mark or the middle of the base. Curl up the torn edges to add dimension.

**Step 3:** Place a frayed denim laser-cut border on top of the layered strips. Above that adhere the "Happy" laser-cut border and then the denim stitched band laser-cut border.

**Step 4:** Crop three photos to 3-1/2 x 3-1/2" and adhere toward the top of the layout. Cut a wide denim band laser-cut border in half lengthwise and then into sections to mat a 6 x 4" photo. Cut the zipper laser-cut border to 7-1/4" and adhere to the bottom as shown. Mount the matted photo to the layout using Foam Squares.

**Step 5:** Add stickers and journal as desired.
