

Sample layout and blog directions use the Cue the Blue (2023) collection

Step 1: Use a piece of white grid designer paper as the base for the layout.

Step 2: Cut (7) 2-1/2" x 12" strips from a variety of papers.

Step 3: Punch five squares on each strip using the Square Punch. (You'll have a total of 30 squares on the finished layout.)

Step 4: Rotate the squares to create a diamond shape and equally space out before adhering, balancing out the patterns throughout. Adhere to the base paper. Trim away any excess with the 12-inch Trimmer or scissors.

Step 5: With Foam Squares, adhere (3) tile embellishments as shown on the right. Adhere enamels in the middle.

Step 6: Mount one 6" x 4" photo onto the large geometric mat card. Layer the dark blue wash mat beneath the matted photo.

Step 7: Adhere embellishments, using Foam Squares on some for added dimension.

Step 8: Journal as desired.
