

Sample layout and blog directions use the Wanderlust (2022) collection.

Step 1: Use the beige road map designer paper as your base.

Step 2: Using the 12-inch Trimmer, cut a 9 x 9" square from the "Wanderlust" definition tonal paper, a 7 x 7" square from the mint hexagons designer paper, a 5 x 5" square from the navy compasses designer paper and a 3 x 3" square from the mint tiny airplanes tonal paper. Cut each square in half diagonally from corner to corner to yield eight triangles.

Step 3: Punch the longest edge of each triangle with the Original Border Maker System and the Chevron Arrows Border Maker Cartridge. Stack four triangles with the largest on the bottom, adhering them together with the Repositionable Tape Runner as you arrange and stack. Repeat with remaining four triangles. Adhere each set of stacked triangles to opposite corners of the base page.

Step 4: Using the 12-inch Trimmer, cut a 4 x 4" square from the beige dot grid tonal paper. Mount a 3-3/4 x 3-3/4" photo on top. Cut a 4 x 4" square and a 6 x 4" rectangle from the navy compasses designer paper. Mount 3-3/4 x 3-3/4" and 5-3/4 x 3-3/4" photos on them. Arrange photos as shown and adhere to base page with a Tape Runner.

Step 5: Journal on the tag embellishments. Add the "This is our happy place" mat, tag embellishments and stickers as shown or as desired. Use Foam Squares for added dimension.
