

Sample layout and blog directions use the Pumpkin Spice (2018) collection

**Step 1:** Cut (10) 4 x 1" strips of a variety of designer papers (set two aside) and two 4 x 1-1/4" strips of pumpkin paper. Adhere in a row along the left side of the layout, 3/4" in from the left edge as shown. Apply a vine border sticker along the right side of the row of strips.

**Step 2:** Using the Garland Border Maker Cartridge, punch two borders with the green patterned paper. Trim each border to measure 1-1/4 x 12". Cut two 1-1/4 x 12" strips of brown patterned paper and mount underneath the punched borders. Then, mat each border on strips of striped patterned paper that measure 1-1/2 x 12". Adhere both borders across the middle of both pages.

**Step 3:** Cut a piece of orange patterned paper to measure 4-1/2 x 6-1/2". Mat a vertical 4 x 6" photo on it and adhere to the right side of the layout as shown. Add four 6 x 4" photos to the layout as shown.

**Step 4:** Notch the two remaining strips to create "flags" and adhere to the top right edge of the layout. Add stickers (some with Foam Squares) and journal as desired.
