

Project Booklet

Thank you for purchasing Secret Box #4 — Shining Moments! Think of this as a project in a box! We are excited to provide you with all you need to create a complete, interactive Paper Album that can be used to showcase highlights of the year as it draws to a close. It could also be used as a gift album to celebrate or uplift someone special! Paper Albums are a great way to share and interact with photos and encourage others to do the same!

This Project Booklet will give you general tips and tricks for assembling your album. You can follow the Cutting Guides and images to create the album as shown or you can use the products as desired to create your own variation. You'll also want to tune into the Virtual Crop Nov. 10 in the Creative Memories Virtual Crop Facebook Group for even more ideas, sketches and samples that use the beautiful Shining Moments products!

To complete your album, you'll need the products in Secret Box #4, plus basic scrapbook tools and adhesives. And if you want to stretch your Secret Box products even further, consider using additional coordinating Cardstock (Blue, Dark Green, Dark Sea Green, Island Waters and Navy). And until Dec. 19, you'll be able to purchase additional 8x8 Shining Moments Paper Albums and two different 8x8 Album Covers to enable you to create an entire 8x8 masterpiece!

Finally, make sure to watch the step-by-step instructional video with Product Development Creative Manager Noreen Smith for important instructions for using the NEW Clear Shimmer Brush Pen and Scallop Circle 3-in-1 Layering Punch, as well as additional tips and tricks for cutting and assembling your album. Have fun!

GENERAL INSTRUCTIONS

- Determine which pages you'd like to add 4x8 Peekaboo Pockets™ to. Attach Peekaboo Pockets™ to album pages as shown by removing the clear protective strip from the back side of the pocket and placing the adhesive side down onto the page.
Tip: Keep in mind that the Peekaboo Pockets™ work best on the top, bottom or outside edges of the Paper Album pages.
- Follow Cutting Guides #1-3 to cut rectangular and square photos mats. Use the Circle CCS Patterns with the Red and Blue Blades and the 13x13 CCS Mat to cut circular photo mats. Adhere mats on the Paper Album pages as shown in photos or as desired. Add photos to Paper Album pages and Peekaboo Pocket™ inserts as shown or desired.
- Use the 12-inch Trimmer to cut one paper of each design following Cutting Guide #4 to get a variety of 4" x 8" rectangles to insert into the Peekaboo Pockets™. Note that you will have 12 4" x 8" inserts and you will only need 10. Save the additional inserts and 4" x 4" "scrap" pieces for punching shapes or cutting journal boxes in Step #4.
- Use remaining Shining Moments paper to punch shapes with the Scallop Circle 3-in-1 Layering Punch and/or cut banner strips to journal on. Adhere your punched embellishments/journal strips and clear stickers to the Paper Album pages as shown or as desired. Note that the clear stickers are perfect for adding to the outside of the Peekaboo Pockets™!
- Use the Clear Shimmer Brush Pen to highlight embellishments or on any of the designs printed on the Paper Album pages. Use a Dual-Tip Pen to journal as desired.
