CUTTING GUIDE

INSTRUCTIONS

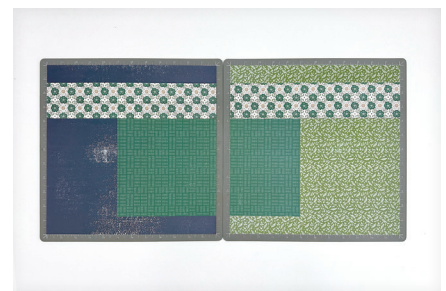

- Decide which papers you want to use as the base pages and which one you want to cut. Note that you will see both sides of the paper that you choose to cut.
- Determine which way you will cut through the patterned paper. If the pattern has a specific directionality, you may want to turn it before you cut.
- Place the paper to be cut on the 12-inch Trimmer with the edge aligned with the 2-1/2" mark at the top of the trimmer. Hold the paper in place with one hand and press down on the blade housing with the other hand. Pull the blade housing down the length of the track and release the pressure on the blade when you come to the end of the paper. This first 12" x 2-1/2" strip will be piece A.
- Repeat the steps above, making a second cut at 2-1/2". This second 12" x 2-1/2" strip will be piece B.
- Turn the remaining 12" x 7" section of paper 90 degrees and repeat the steps above, making your third cut at 7" to get pieces C and D.
- Flip over pieces C and D to show the pattern on the opposite side. Arrange all pieces as shown and adhere to base pages with the Tape Runner.
- Choose two 4" x 6" photos and three 6" x 4" photos and arrange as shown. Adhere all photos onto the layout with the Tape Runner.
- Apply embellishments as shown, using Foam Squares to add dimension. Journal with the Dual-Tip Pen as desired.
- Adhere the 4" x 4" decorative title card from the Mini Embellishments Pack as shown.
