CUTTING GUIDE

INSTRUCTIONS

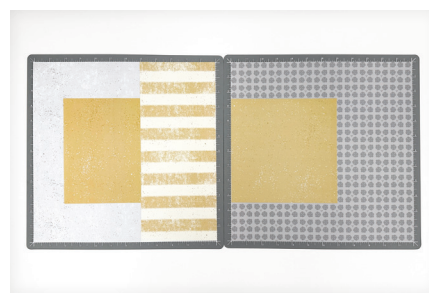

- Decide which papers you want to use as the base pages and which one you want to cut. Note that you will see both sides of the paper that you choose to cut.
- Determine which way you will cut through the patterned paper. If the pattern has a specific directionality, you may want to turn it before you cut.
- Place the paper to be cut on the 12-inch Trimmer with the edge aligned with the 5" mark at the top of the trimmer. Hold the paper in place with one hand and press down on the blade housing with the other hand. Pull the blade housing down the length of the track and release the pressure on the blade when you come to the end of the paper.
- Set the 5" x 12" piece of paper aside. This is piece A. Turn the 7" x 12" piece of paper and cut at 5". This makes pieces B and C.
- Flip over pieces B and C to show one pattern, and display the opposite pattern on piece A. Arrange pieces as shown and adhere the pieces to the base pages with the Tape Runner.
- Choose three 4" x 6" photos and two 6" x 4" photos and arrange as shown. Adhere all photos onto the layout with the Tape Runner.
- Adhere the 4" x 4" decorative title card from the Mini Embellishments Pack or a 4" x 4" photo as shown.
- Use the Photo Trimmer to crop a photo to 2-1/2" x 2-1/2". Place behind the frame embellishment and adhere to layout as shown.
- Apply embellishments as shown, using Foam Squares to add dimension.
- Journal with the Dual-Tip Pen as desired.
