- To create the left base page, adhere piece A to the center of piece D, leaving a 1/2" border as shown.
- Create the gingerbread house by starting with piece G and a White Jelly Roll pen and marking 1/2" increments up the sides of the house then connecting them with a ruler. *Tip: Do this before adhering in case of mistakes (you can flip it over) or in case you run off the sides with your pen.*
- Turn the ruler vertically and mark every other row with a vertical line every 1" (or width of the ruler). Move the ruler 2" to the right and repeat across the paper.
- Use a Tape Runner to adhere piece G centered along the bottom edge of piece A. Optional: Apply 5-1/4" border

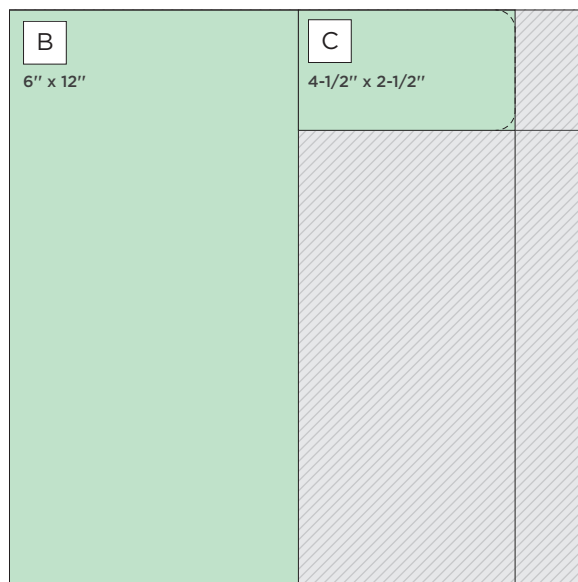

- stickers up the sides of the house.
- Adhere pieces H and I along the top of piece G to create the roof. Pieces will not be aligned at the peak. Optional: Apply 8" border sticker strips and a sticker cluster at the top to join them.
- If desired, use the Corner Rounder to round two of the corners on piece C as shown in the Cutting Guide, then adhere 1" from the left edge of piece G with the rounded corners at the top.
- Adhere piece B 1/2" from the top of the right base page. Then use the Repositionable Tape Runner to adhere punched piece F along the bottom edge of piece B.
- Adhere piece E 1/8" from the bottom right corner as shown.
