

SUPPLIES

- White Cardstock
- Hide & Eek! Designer Paper Pack & Stickers
- Black Shimmer Paper
- Orange Shimmer Paper
- Avocado Cardstock
- Black Ink Pad or Dual-Tip Journal Pen for inking edges

DIRECTIONS

STEP 1: Cut (or tear) 4-5 strips of white cardstock to 1-½" wide. If you use a trimmer, use a distressing tool to rough up the edges. Ink the edges of each strip with black ink.

STEP 2: Crumple up each strip up 2-3 separate times to give it texture.

STEP 3: Cut a piece of Black Shimmer paper to 5 x 12". Add adhesive to the lower edge of each distressed strip of white cardstock and adhere them to the black shimmer paper, starting at the top. Trim the excess and overlap slightly as you zig-zag down the piece. Ink any cut edges of the white strips.

STEP 4: Use a sheet of white cardstock as the base of the layout. Ink the edges if desired and doodle a wavy line around the perimeter with a black journal pen.

STEP 5: Cut a piece of the spooky eye paper to 11-¼" square and adhere to the center of the page.

STEP 6: Cut a 5-½ x 12" piece of orange shimmer paper and adhere it 1" from the left edge of the page. Adhere the black shimmer piece with the white strips to the orange shimmer paper, centered.

STEP 7: Cut two 4" squares from the green checkerboard paper and adhere to the right side of the layout, tilting on the diagonal.

STEP 8: Cut four 4" squares from Avocado Cardstock and pair with 3-½" square photos. Tuck two into the white cardstock strips as shown and center the other two as shown on the green checkerboard squares.
