TOP BORDER

Step 1: Tear a 2-3/4" x 12" strip of Memoirs & Memories map patterned paper for the base. Cut a narrow 1/4" x 12" strip of White Cardstock and adhere it to the base 1/8" from the top (straight) edge.

Step 2: Using the Picket Fence Border Maker Cartridge, punch a border from Timeworn Texture brown leather patterned paper. Cut off 1/2" from the pointed end of the border. Trim the piece to measure 1-3/4" x 12" and adhere it to the base so just 1/8" of the white strip shows.

Step 3: Using the Jumbo Jet Border Maker Cartridge, punch a border with White Cardstock. Tuck the jumbo jet strip just underneath the brown strip and situate them so they look like banner flags.

Step 4: Using the Gears Chain Border Maker Cartridge, punch one border each with White Cardstock and Timeworn Texture rusty patterned paper. Overlap and adhere them to the middle of the brown strip. Place the bolt border sticker just underneath that and add other stickers as desired.
