

Chasing the Sun Folded Sunburst

SUPPLIES

- 1 Pink/Sunray Paper (Chasing the Sun)
- 1 Aqua/Sunray Paper (Chasing the Sun)
- 1 Sheet Kelly Green Cardstock
- 1 Sheet Bright White Cardstock
- 12-inch Trimmer with straight and wave blades
- 13x13" Cutting Mat
- Chasing the Sun Stickers/Embellishments

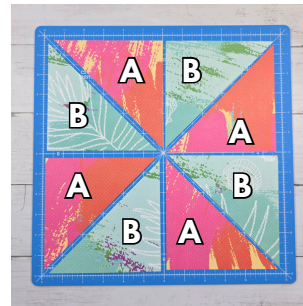

This layout is inspired by the Sunshine Recipe Template (2021). The Chasing the Sun Designer Paper Pack provides a special opportunity to create a similar effect with simple folded triangles.

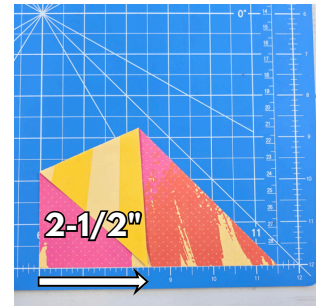

STEP 1: Cut (2) 5-1/2" squares from each of the pink and aqua sheets of designer paper.

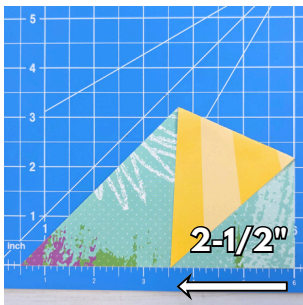

STEP 2: Cut each square in half on the diagonal.

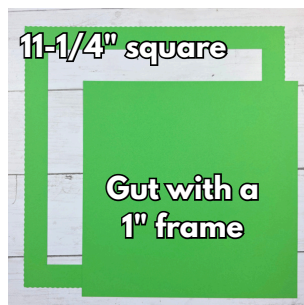

STEP 3: Lay them out on the cutting mat to check for orientation.

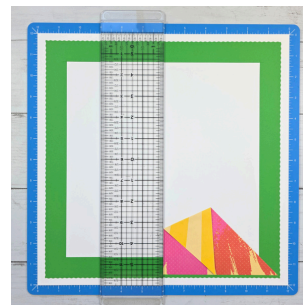

STEP 4: Place each "A" piece on the mat so the left edge lines up with the 6-inch mark. Fold the tip down until it meets the bottom, 2-1/2 inches from the left side.

STEP 5: Place each "B" piece on the mat so the right edge lines up with the 6-inch mark. Fold the tip down until it meets the bottom, 2-1/2 inches from the right side

STEP 6: Cut a sheet of Kelly Green cardstock to 11-1/4" square. Use a decorative blade if desired. Cut the center, creating a 1" frame.

STEP 7: Adhere the Kelly Green frame to a sheet of Bright White Cardstock. Use a ruler to help align the first folded triangle to the layout.

STEP 8: Use repo adhesive to adhere the rest of the folded triangles as shown.
