

Note: Sketch shown above is meant to correspond with the Cutting Guide. It does NOT represent specific designer papers.

INSTRUCTIONS

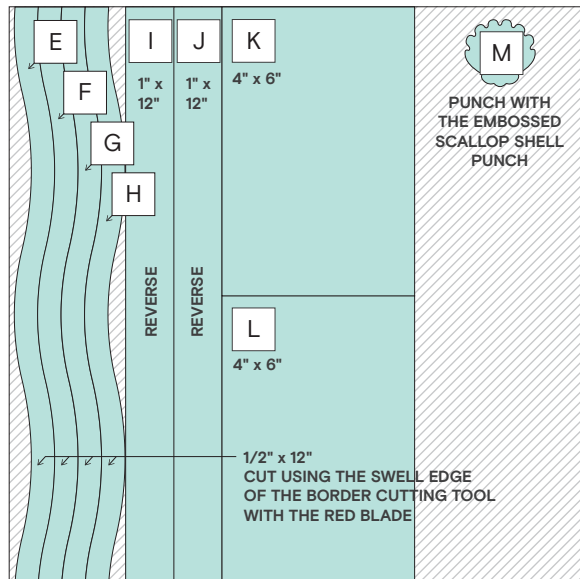

1. Use two sheets of matching designer paper for the base pages.
2. Use the 12-inch Trimmer and CCS Border Cutting Tools to follow the Cutting Guide with designer paper and cardstock. Use the Embossed Scallop Shell Punch to punch out pieces C, D, M and Q.
3. Use the Swell edge on the Border Cutting Tool with the Red Blade to cut pieces E-H. Center Designer Paper #2 on the 13x13 Cutting Mat. Place the feet of the Swell/Waves Border Cutting Tool along the top and bottom edges of the Cutting Mat, with the swell edge to the left. Align the outside edge of the left foot with the edge of your paper. Optional: To create the "ribbon" look of the swells in the example layout, shift your paper up and down, covering the measurements, before making each cut.
4. Cut along the swell edge using the Red Blade and discard the scrap piece. Slide the Border Cutting Tool 1/2" to the right, keeping your paper in place, and cut again to yield piece E. Repeat, moving the Border Cutting Tool 1/2" each time, until you have four pieces. Trim excess to start your next cuts with a straight edge. Repeat with the Cornflower Cardstock to cut pieces N and O.
5. Use the Tape Runner to adhere pieces I and J along the top edge of both base pages.
6. Adhere pieces K and L as shown, followed by A and B along the inside edges of both pages. Adhere piece P on top of A as shown.
7. Use the Repositionable Tape Runner to adhere pieces E-H, N and O below pieces A and B, layering and overlapping them to form a wavy border.
8. Adhere pieces C, D, M and Q as shown.
9. Adhere photos as shown.
10. Optional: Apply stickers using Foam Squares to add dimension and journal as desired.
