Step 1: (Optional if you want an accent ring) Center the Jumbo Circle on the **BACK** of the paper and cut with the **BLUE** blade on the outside track followed by the **GREEN** blade.

Step 2: Cut a circle with the **RED** blade on the outside track. Leave the pattern in place.

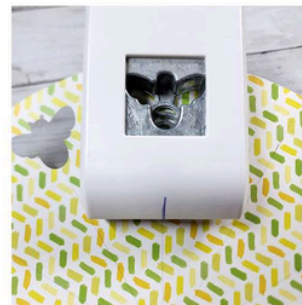

Step 3: Use a pencil to mark the paper circle every 30 degrees*

Step 4: Use a ruler or other straight edge to draw a line connecting opposite marks. These are your punch guides lines.

Step 5: Mark the **CENTER** of the punch on the bottom lip as shown.

Step 6: Turn the punch upside down, insert the paper and line up the pencil mark on the circle with the sharpie line and punch.

Step 8: Repeat Step 7 at each pencil mark all the way around the circle. Assemble the page as desired.
