GENERAL INSTRUCTIONS

- Each piece is labeled by project number in the Cutting Guide. Cut and punch the papers according to the cutting guides, then place each piece in the Sorting Mate or in piles organized by project as you cut to make assembling the layouts easier.
- For Cutting Guide #3, use the Custom Cutting System with the Jumbo Circle CCS Pattern to create circle 2C by cutting along the inside with the Blue Blade. Without moving the pattern, cut circle 3B by cutting along the inside with the Red Blade to create a ring.
- Cut the papers, gather the base pages and follow the instructions to assemble the layouts. Add photos and embellishments as shown in the sample layouts or as desired. Journal directly on lighter papers or scraps of White Solid Cardstock. Apply embellishments using Foam Squares to add dimension.
