

**Note:** Sketch shown above is meant to correspond with the Cutting Guide. It does NOT represent specific designer papers.

## INSTRUCTIONS

1. Use two sheets of White Cardstock for the base pages.
2. Use the 12-inch Trimmer and CCS Border Cutting Tools to follow the Cutting Guide with designer paper. Use the Hydrangea Blossoms BMC with the Original Border Maker System to punch pieces C and I.
3. Use the Curves edge on the Border Cutting Tool with the Red Blade to cut pieces A & J. For piece A, center Designer Paper #1 on the 13x13 Cutting Mat. Place the feet of the Curves/Ripple Border Cutting Tool along the top and bottom edges of the Cutting Mat, with the curves edge to the right. Align the inside edge of the right feet with the 1.75" marking on the cutting mat and cut using the Red Blade. Repeat this process to cut piece J, aligning the inside edge of the right feet with the 1" marking. Trim piece B so that the top and bottom are 1-1/2" and piece K is 3/4".
4. Use the Repositionable Tape Runner to adhere piece J behind piece A and piece K behind piece B, leaving 1/4" exposed. Then adhere combined pieces A/J and B/K along the outside edges of the base pages as shown.
5. Use the Tape Runner to adhere pieces G and H vertically in the middle of both pages, followed by pieces L and M as shown.
6. Adhere pieces N along the top and bottom of the right edge of piece G and left edge of piece H.
7. Adhere pieces O and P along the inside edges of both base pages, centered between pieces N as shown.
8. Use the Repositionable Tape Runner to adhere piece D behind punched piece C. Then cut in half at 6" and adhere both pieces across the base of pieces O and P as shown.
9. Adhere pieces E and F, followed by photos as shown.
10. Embellish by layering punched out hydrangea blossoms from pieces I and C as shown.
11. Optional: Apply matching border stickers along the outside edge of each page using Foam Squares to add dimension. Apply additional stickers and journal as desired.
